AUTHORIZATION AND RELEASE

I authorize release of any information concerning my (or dependents) health care, advice and treatment provided for the purpose of evaluating and administering claims for insurance benefits. I also hereby authorize payment of insurance benefits otherwise payable to me directly to the doctor. I understand that unless a 24-hour notice of cancellation is given. I may be charged for the time that the doctor has set aside

for the appointment. In addition that if my (or dependent(s)) account requires the services of a collection agency, I may incur charges to cover court and legal fees.

CONSENT FORM

I give this practice/clinic my consent to use or disclose my protected health information to carry out my treatment, to obtain payment from insurance companies, and for health care operations like quality reviews.

I have been informed that I may review the practice/clinic's Notice of Privacy Practices (for a more complete description of uses and disclosures) before signing this consent.

I understand that this practice/clinic has the right to change their privacy practices and that I may obtain any revised notices at the practice/clinic.

I understand that I have the right to request a restriction of how my protected health information is used. However, I also understand that the practice/clinic is not required to agree to the request. If the practice/clinic agrees to my requested restriction(s), they must follow the restriction(s).

Due to the increased frequency and complexity of the medication prior authorization process required by some insurance companies, government, and employers, there will be an administration fee of \$10.00 per page to cover time spent by your doctor on the paperwork and a \$20.00 fee if time is spent by your doctor on phone calls needed to complete a prior-authorization.

I understand that there will be an additional fee of \$30.00 to send or obtain full medical records. Finally, the administrative charges for additional letters and paperwork may apply to cover the time spent by your doctor on paperwork and phone calls needed to complete the authorization.

POLICIES AND PROCEDURE OVERVIEW

Thank you for choosing Clarity Clinic for your healthcare needs. We are committed to providing high quality, personalized and compassionate, comprehensive patient care. We ask that these policies be reviewed and acknowledged so that we may provide quality service and ensure proper reimbursement. Please sign the policy indicating that you have read the terms and conditions, in agreement to abide by them.

1. Consent for Treatment
 - a. I hereby authorize and acknowledge to work with the authorities of Clarity Clinic, and the physician(s)/therapist(s) in charge of my/the case, to administer such medications and treatments as may be deemed necessary for the interest and care of me/the patient described on this form.
2. Pre-Authorization for Benefits
 - a. I acknowledge that I am also required to call my insurance company to verify my benefits and insurance coverage for services rendered. I understand that a quote of benefits is not a guarantee of payment.
3. Payment Guarantee
 - a. Co-payments are due in FULL at the time of each visit.
 - b. Full payment is due at the time of each appointment, unless managed care insurance covers authorized services in full or payment arrangement made with Clarity Clinic Billing Department
 - c. Sessions shortened by the patient will still be charged at the full reserved fee
 - d. Checks written and returned NSF/Account Closed will be charged an additional \$35.00
 - e. In the event that a check has been returned NSF/Account Closed, all future payments must be made via Cash, Credit, or Debit Card.
 - f. If you do not have insurance, payment is due in full at the time of each visit. Services may be turned away at the discretion of the physician
 - g. Responsibility of an account balance is always the Patient's, NOT the insurance company.
4. Release of Insurance-Related Information
 - a. I authorize Clarity Clinic to release any information about me to insurance carriers needed to process claims.
5. Delinquent Accounts
 - a. Patients must settle past due balances prior to scheduling future appointments
 - b. All outstanding balances are due in full at the time of service unless payment arrangements have been made with Clarity Clinic Billing Department.
 - c. Non-payments of delinquent balances will be grounds for termination of services rendered by Clarity Clinic until the delinquent balance is resolved in its entirety.
 - d. Delinquent balances will be sent to our collection agency. In the event that services are not paid in full and we must pursue legal action, all attorneys fees, court costs and filing fees will be the responsibility of the patient/guarantor.
6. Late Cancellation/Missed Appointment Charge
 - a. We understand that occasionally life can get in the way, causing you to miss an appointment with us. In order for us to effectively care for all of our patients, it is important we are notified in as much advance as possible when you must miss a scheduled appointment. By giving advance notice when you cannot attend your scheduled appointment, it permits us an opportunity to care for others.
 - b. Fees apply for failure to provide 24-hour advanced notice. When a patient cancels/misses an appointment with less than 24-hour advance notice, the patient will be charged \$50.
7. Therapy

- a. Patients who are under the care of a prescribing psychiatrist are encouraged to keep regular therapy appointments, unless directed otherwise.
- 8. Prescriptions
 - a. Please notify your pharmacy 5 days before you run out of a medication, and have them fax the request to our office during regular business hours. Prescriptions are not refilled when our office is closed. Missing appointments may result in your doctor's inability to refill your prescription.
 - b. Refill and prescribing of controlled substances MUST ALWAYS be done at the appointment and will not be able to be called in. No exceptions.
 - c. In the event a physician changes, discontinues, or adjusts a patient's medication the patient will be required to make any follow up appointment in the timeframe the physician deems necessary.
- 9. Follow-up Appointments by Phone
 - a. Clarity Clinic clinicians charge for clinical phone consultations with patients. Charges are according to the individual clinician's specific fee schedule. You will see such charges on your patient statements. Please be aware that phone consultations cannot be billed to insurance. All phone consultations charges are solely the patient's responsibility.
- 10. Medical Records Change
 - a. We take the time and consideration to ensure your records are kept confidential. There is a standard processing fee of \$20 for any released Medical Records.
 - b. Medical Record releases take a minimum of 10 business days from the date Clarity Clinic receives a signed release form. Medical Records will be released once the processing fee has been paid in full.
- 11. Completion of Forms/Letters
 - a. The charge for the completion of forms/letters can typically range from \$30-\$150 (\$15 per page). However, please note that depending upon the length of the forms or documentation being requested this charge could be higher.
- 12. Discharge from Care
 - a. You have control over your care, and you have the right to eliminate your care with us at any time. We reserve the right to discharge any patient from this practice at any time for failure to comply with office policies or treatment recommendations. We will provide referral suggestions, if requested, in this event.

Please sign below to authorize treatment indication that you acknowledge these stated policies and your full financial responsibility for services rendered.

CONTROLLED SUBSTANCE AGREEMENT

Part 1: I UNDERSTAND

- Part of my treatment may include prescriptions for benzodiazepines, stimulants, and narcotics to improve my ability to function. These medications are only part of my treatment.
- Treatment with these medications may have side effects including nausea, sleepiness, difficulty breaking (if taken in excess), itching, difficulty concentrating, constipation, and difficulty urinating.
 - Additional side effects for men include low testosterone levels.
 - Additional side effects for women include changes in menstrual cycles.
- If I take these medicines for more than a few weeks, I may become used to them and could develop physical dependence and/or addiction. I could experience withdrawal if I stop taking them suddenly, which could lead to death. The risks of dependence, tolerance, and side effects specific to the medication have been explained to me.
- If I do not reach my treatment goals from use of these medications, my provider may gradually discontinue them or may adjust my dose.
- Medication will not be refilled on weekends or holidays
- Psychiatric symptoms can be improved by good health habits such as exercise, healthy diet, and abstinence from tobacco, alcohol, and illicit drugs.

I WILL

- Tell my provider if I have been diagnosed with, treated, or arrested for drug dependence or abuse prior to starting treatment with the prescribed medications.
- Tell my provider if I have been involved in the sale, illegal possession, or transport of controlled substances prior to starting treatment
- Take my controlled medication as prescribed, taper the medication if recommended by my provider at any time, and reduce the medication only under the supervision of my provider.
- Tell my other provider(s) and any emergency department I may visit that I am taking controlled medication and have an agreement with Clarity Clinic.
- Tell my provider about ALL of the medications (over-the-counter, Herbs, vitamins, those ordered by other providers, legal, illegal) that I am taking because this medication can interact with other substances, which could potentially lead to death.
- Only ask for refills during clinic hours (8:00am-5:00pm, Monday-Friday).
- Provide at least three (3) days notice for refills of medications
- Tell my provider if I get the prescribed medications or other controlled substances from any other provider.
- Keep my controlled medications in a safe place, locked away from children and to prevent theft.
- Attend my appointments regularly and call my provider's office at least 24 hours in advance if I need to cancel my appointment.
- Submit to random tests of my urine or blood and pill counts within 48 hours of request.
- Actively participate in therapy and other non-medication treatment if I am recommended to do so by the provider as part of my treatment plan.

I WILL NOT

- Share, sell, or trade my medications with anyone
- Use someone else's medications.

- Use any illegal drugs (crystal meth, marijuana, cocaine, etc.)
- Change how I take my medications without asking my provider.
- Ask my provider for extra refills if I use up my supply or lose or misplace my medications before my next refill is due. Looking after my medications and complying with my prescription are my responsibility.

Part 2: I UNDERSTAND

If I do not do all of the things listen in Part 1, my provider:

- May no longer prescribe the medications for me.
- May stop giving me medical care,
- May send me to drug abuse treatment

PART 3: CLARITY CLINIC CONTROLLED SUBSTANCE POLICIES

- Each patient is allowed up to 1 early refill per year.
- If a patient loses a script, they must come in for an appointment. Prescriptions cannot be left at the front desk or issued without an appointment.
- Newly prescribed patients must come in for an appointment once a month for the 1st year. After the 1st year, prescribed patients must come for at least follow-ups every two months.
- Patients prescribed a dosage that exceeds the FDA approved dosage must come in monthly
 - Vyvanse - 70mg/day
 - Adderall - 60mg/day
 - Concerta/Methylphenidate - 72mg/day
- Patients should receive EKG and blood pressure reading after increasing stimulant dose greater than FDA approved dose and at least once a year.
- Patients on disability and not currently working will not receive Adderall.
- If a prescribed patient is away at college, the patient must come in at least every 3 months. If this is not possible, the patient must find a doctor nearby to manage their medication.
- Patients with blood pressure greater than 160/100 must receive either primary care or cardiology clearance before receiving refills at the next appointment. Failure to do so will result in medication not being refilled.
- Patients with congenital heart, valve issues, Sickle Cell Anemia require cardiology clearance before beginning stimulants.
- Patients with a history of drug addiction on stimulants will be subject to random drug screens. If patient is positive, inferring any potential for drug abuse, the patient will be sent a termination letter.
- Patients on more than 4mg of Xanax, Lorazepam, or Clonazepam must come to clinic at least every 2 weeks until patient is tapered down to 4mg of respective medication. Patients on greater than 2mg and less than 4mg will not receive great than a 30-day script and will have to come each month to refill medication.

PART 4: SIGN THE FORM

The decision to use controlled substances (benzodiazepines, stimulants, narcotics) has been made between my provider and me because of my specific condition. When I sign this form, I acknowledge that I understand and agree to the above conditions to make my treatment as safe and successful as possible. A copy of this agreement will be maintained in my medical record. I

can cancel this agreement at any time, except to the extent my provider has already acted in reliance on it. If not canceled before, this agreement will end on my last dose of the medications prescribed by my provider. If I cancel this agreement, my provider may take any or all of the actions described above.
